

6.6.1 Subdivisions Utilizing a Central Water Supply and Distribution System

-

- A. Written approval to connect to a recognized public water supply entity such as The Price River Water Improvement District (PRWID), or a private water company, which in the opinion of the County is capable of providing reliable ongoing supplies of approved culinary water in an amount not less than twelve thousand one hundred sixty-seven (12,167) gallons per month for each proposed dwelling unit within the subdivision. Said approval shall state that all of the requirements of said agency have been met necessary to secure the status of a permanent user. Culinary and firewater adequacy shall be determined by the County, and
- B. Either of the following, as applicable:
 - 1. Written approval from an existing recognized culinary water purveyor (water company, special district, etc.) granting permission to receive culinary and fire protection water service through their lines, or
 - 2. Documentation establishing a new water company along with satisfactory proof that the supply facilities and lines have been approved by the Utah Department of Environmental Quality and have adequate pressure, storage, and capacity to meet both culinary and fire protection needs of the project, as determined by the County.
